a facility support organization

NEG building services, inc. provides a complete range of services, so our clients have the convenience of dealing with a single provider for all their maintenance needs.

janitorial

NEG began as a commercial janitorial maintenance company in 1982. Since then we have been providing a wide variety of cleaning services to a diverse group of companies, from young up-and-coming start-up enterprises to Fortune 100 firms. Whether it is a 60-story, high-rise or a high technology facility with ultra clean rooms and sub micron environments, NEG has the experience and technical knowledge to meet the expectations of the most demanding projects. NEG services 5 million square feet daily, giving our customers 24/7 support 365 days a year. We can also customize a “scope of work” that will uniquely fit into your facilities’ building type and operations.

NEG Building Services, Inc. employees are trained to meet and exceed exceptionally high standards. Our fully-trained and carefully supervised workforce delivers a complete custodial services solution to our clients. NEG offers a comprehensive solution to meet the needs of your facility. Our clients have found NEG delivers a level of professionalism, responsiveness and dedication unmatched in our industry.

A Member of the International Window Cleaners Association
